

Grounds for Sculpture continued from cover

Adds Ms. Spencer: "If you don't know about sculpture, this is the place to start. The sculpture is very diversified and appeals to all age groups and every like and dislike."

For more information about **Grounds for Sculpture**, call (609) 586-0616 or go to www.groundsforsculpture.org.

Getting There:

From New York City: Take New Jersey Turnpike South to Exit 7A. Take Interstate 195 west (Trenton) to Exit 60B/I-295 north (Princeton). Take I-295 north to Exit 65B/Sloan Avenue west. After exiting, stay in right traffic lane for 2/10ths of a mile, following signs for Grounds for Sculpture, and take the jughandle to cross over Sloan Ave. Go through the traffic light onto Klockner Rd. Take Klockner Rd. to next traffic light and turn right onto East State St. Extension. Go 8/10ths of a mile and make second left turn onto Sculptors Way. Go 2/10ths of a mile and turn left into the main entrance of Grounds for Sculpture. Travel time is approximately 75 minutes.

By Train: From New York (Penn Station) take New Jersey Transit to the Hamilton stop (stop closest to Grounds for Sculpture) or Amtrak to Trenton stop. Taxi ride is 5 minutes to Grounds for Sculpture. Travel time is approximately the same as by car.

Take Your Child to Work Day

Ask any of the children who've been attending Take Your Child to Work Day over the last few years and they will tell you the event is more informative and fun-filled than ever.

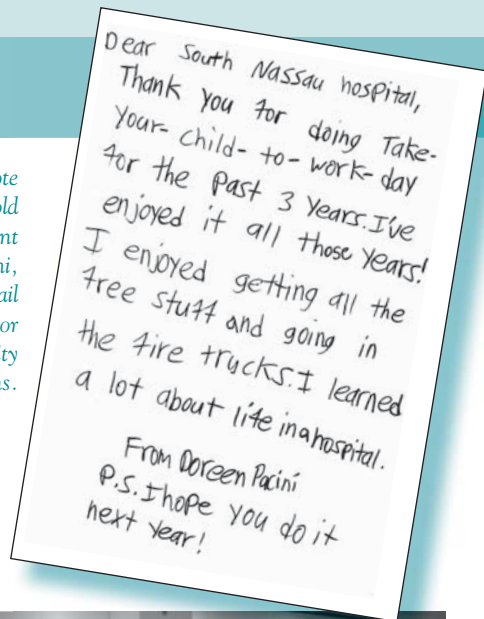

On July 25, nearly 70 children from ages 8 to 13 learned about the educational requirements and typical responsibilities of health care professionals who work in hospitals.

The children were welcomed by members of the hospital's administration and then hunkered down for presentations from nearly a dozen hospital personnel, from such departments as infection control, radiology and pediatrics.

Following a tour of South Nassau, hospital personnel offered a variety of demonstrations ranging from how to use fire extinguishers and the language phone to cardiopulmonary resuscitation and the Heimlich maneuver. For the first time this year the Oceanside Fire Department was on hand with a fire truck for the children to tour.

The hospital offered each child several giveaways, including messenger bags, T-shirts, fingerprint kits and coloring books.

A thank you note from 10-year-old participant Doreen Pacini, niece of Gail Carlin, director of community relations.

Lynn Bert, R.N., nurse manager of pediatrics, demonstrates cardiopulmonary resuscitation.
